

Joan wrote this book after observing the chaos and attacks on marriages from her perspective as a counsellor. Joan offers a realistic plan to couples which can restore and regenerate their marriages, as well as take them to another level. A relationship is based not on one person, but on the two becoming one. Couples need to celebrate their differences by developing a sacred and spiritual insight. She shares a unique blend of practical steps and wisdom from Gods Word. Ladies will learn how to be more creative in their marriages and men, how to cultivate their garden and let the harvest of a genuine Agape love forever manifest in their relationship.
