

This Book disassembles solutions to all global problems like the mysteries of the world and the universe, money and poverty, power, administration, unemployment, pollution, climate change, greenhouse effect, food shortages, disease, lack of resources, waste of competition, unfairness, education problems, lack of love, family problems, distrust, state trust, religion, life habits, crimes, and soon. The President changes the world by using a microphone; the Internet makes the world close; Facebook changes people's communication; the movie can also change the world and people's mind. There are a lot of people in the world live in pains and sufferings because of many problems; the problems become more and more, and the world will come to its end. There are many warnings of it now. There is a man in the movie named Angus Jobs, who knows all things from Ancient times to the future and eternity, and understands the truth. He makes the world peaceful and happy, therefore, people all have a broad smile on their face and all the world people get true freedom. The world's problems above are closely linked, all the problems are related to each other and they are originally inseparable. There is a very important reason behind. The whole world will live a life nearly perfect in the future. Till an everlasting completely perfect one.
