

Learn to use simple tools to manage the behavior challenges common in students on the autism spectrum. Linda Hodgdon's book provides a very effective, practical approach to recognizing the complexity of behavior challenges with autism and other students with communication and learning difficulties. These strategies help you to help students to participate in their life opportunities in a positive way. Continuing the approach of supporting communication with visual strategies, this book is packed with problem solving techniques. You will find many samples and examples of visual tools and strategies that have been used effectively to solve behavior problems. This is the second book in the Visual Strategies series. It follows the same style and format as the bestselling Visual Strategies for Improving Communication. It is another resource guaranteed to provide practical help for every educator or parent who faces students with behavior and self-management challenges. This book will delight you!
