

William Byrd II (1674-1744) was an important figure in the history of colonial Virginia: a founder of Richmond, an active participant in Virginia politics, and the proprietor of one of the colonies greatest plantations. But Byrd is best known today for his diaries. Considered essential documents of private life in colonial America, they offer readers an unparalleled glimpse into the world of a Virginia gentleman. This book joins Byrds Diary, Secret Diary, and other writings in securing his reputation as one of the most interesting men in colonial America. Edited and presented here for the first time, Byrds commonplace book is a collection of moral wit and wisdom gleaned from reading and conversation. The nearly six hundred entries range in tone from hope to despair, trust to dissimulation, and reflect on issues as varied as science, religion, women, Alexander the Great, and the perils of love. A ten-part introduction presents an overview of Byrds life and addresses such topics as his education and habits of reading and his endeavors to understand himself sexually, temperamentally, and religiously, as well as the history and cultural function of commonplacing. Extensive annotations discuss the sources, background, and significance of the entries.

Occupational Monopoly and Modern Medicine, DECISIONS, DECISIONS: CASE STUDIES AND DISCUSSION PROBLEMS, The Ten-Minute Gardeners Vegetable-Growing Diary, Three-Dimensional Applique and Embroidery Embellishment: Techniques for Todays, The Function of the Adrenal Cortex in Women During the Period of Aging and Menopause, Zulu!: The Battle for Rorkes Drift 1879, The World of Northern Evergreens, ISIS:: The Truth behind beheadings, The Pursuit of Godliness, Premio Basilio Cascella 2015 - Fotografia (Italian Edition),
