

For the average person, most of the American history that he or she knows comes from facts taught to them in school to prepare them for their state mandated tests. That's not the fault of their teachers who were just carrying out the directives of their employers. But it's also a fact that a great deal of that content that they were teaching is dry and boring. However, as in every aspect of life, there is always another story behind each major event. The story of America is interesting and exciting, but it's those lesser known parts of our history that make it special. Even though in most cases, the names and events in the book will be recognizable, most of the stories about them will be new to the reader. If you're a young teacher, perhaps you'll find some material to help you get through those less-than-exciting areas of your textbook. If you hated history as a student, maybe you'll find some of these tales entertaining. For those of you who are history buffs, hopefully you'll come across a few things that are new to you.

The New Zealand Travel Journal by Younghusband World Travel Journals (2013-04-02), Elihu Root collection of United States documents relating to the Philippine Islands Volume 217, Spielt die Schule eine Rolle?: Schulische Bedingungen ungleicher Bildungschancen von Immigrantenkindern - eine Mehrebenenanalyse (Explorationen) (German Edition), Reunion (Palisades Pure Romance), Hydrogen Ions: Their Determination and Importance in Pure and Industrial Chemistry, Fourth Edition in Two (2) Volumes: Vols.
